Corporate Sponsorship Policy

Introductory Statement

The policy was formulated to facilitate the procurement of corporate sponsorship for the benefit of the pupils in a transparent and robust manner while maintaining transparency and the integrity and ethos of the school. The policy ensures that sponsorship activities reflect all other school policies. It was devised by members of policy committee and proposed to the Board of Management for approval and ratification

Rationale

The purpose of the policy is to provide procedures for entering into sponsorship arrangements.

Vision

Staff who work in Carrigaline Educate Together N.S. will be encouraged to reach their full potential mentally, physically, spiritually, emotionally and socially, in an atmosphere and environment

Relationship to the Characteristic Spirit of the School

The Corporate Sponsorship Policy reflects the overall ethos of the school which states: Carrigaline Educate Together N.S. is one of a number of equality-based schools throughout the country. The representative organisation for these schools is 'Educate Together'.

Educate Together aims to meet a growing need in Irish society for schools that recognise the developing diversity of Irish life and the modern need for democratic management structures. In particular, Educate Together guarantees children and parents of all faiths and none equal respect in the operation and governing of education.

The schools operated by the member associations of Educate Together are fully recognised by the Irish Department of Education and Science and work under the same regulations and funding structures as other national schools. However, they have a distinct ethos or governing spirit. This has been defined in the following terms:

- **Equality-based** i.e. all children having equal rights of access to the school, and children of all social, cultural and religious backgrounds being equally respected
- **Co-educational** and committed to encouraging all children to explore their full range of abilities and opportunities,
- **Child centred** in their approach to education
- **Democratically run** with active participation by parents in the daily life of the school, whilst positively affirming the professional role of the teachers (*Source: Educate Together Charter*)

Whilst the concepts of child-centeredness and co-educationalism are now widely accepted in Irish primary education, what distinguishes the Educate Together schools is their hard work in developing a culturally inclusive and democratic ethos. This has pioneered unique approaches to inclusion of minority opinions and faiths in the Irish context.

The schools have developed education programmes which open the eyes of children to the naturally positive contribution that social, religious and cultural diversity and difference of viewpoint and opinion make to society.

The other characteristic feature of these schools is that they are democratically organised and governed. This maximises the potential for building a genuine partnership between the professional, objective role of the

teacher and the necessarily personal involvement of the parent in contributing to their children's education.

Information taken from the Educate Together website www.educatetogether.ie

Carrigaline Educate Together N.S. makes the distinction between denominational education and moral/religious education. The ethical curriculum followed by the school is called the Learn Together Curriculum. It is comprised of four strands: Morality & Spirituality, Equality & Justice, Belief systems, Ethics & the environment.

Denominational instruction is facilitated by the school insofar as groups are permitted to use the school premises. This is organised by parents outside of school hours.

The Corporate Sponsorship Policy recognises and endeavours to adopt the values that are set out in the ethos of the school for sponsorship activities.

Aims

The Corporate Sponsorship policy aims to:

- To ensure that sponsorships support the educational functions of the school as a whole
- Minimise draw on school resources
- Ensure that sponsors and the nature of such activities are suitable and do not impinge on the integrity, ethics and ethos of the school
- To ensure participation is optional without prejudice to those who do not wish to be involved
- To protect the privacy and rights of the school community
- To provide transparency

Definitions

Sponsorship is a commercial arrangement based on mutual benefit for the school and sponsor.

Sponsorship:

- May take the form of cash support or provision of material goods, services, knowledge or other resources, in exchange for agreed acknowledgment
- Does not include the selling of advertising space, joint ventures, consultancies, grants or unconditional gifts, donations or endowments
- Is not philanthropic. A sponsor expects to receive a reciprocal benefit beyond a modest acknowledgement

A *Sponsorship Agreement* is a written document outlining the negotiated terms for a sponsorship.

Agreements may be:

- With a business or organization, local or national

Agreements may take the form of:

- An exchange of letters
- The sample sponsorship agreement (appendix 1)
- The sponsorship contract and schedule (appendix 2)

Agreements should clearly outline:

- The extent and nature of the sponsorship
- The roles and obligations of the school and sponsor
- The benefits to all parties
- The duration of the sponsorship and termination conditions

Agreements must be approved by the Board of Management and signed by the Principal and the Chairperson of the Board of Management.

Policy Statement

The sponsorship activity must be consistent with the values, ethos and goals of CETNS and protect the good name and integrity of the school.

Sponsorship agreements should:

- Recognise parents/guardians as the primary educator
- Be in the best interests of the students and enhance the educational programme of the school
- Consider time and resources allocation for proposed activities
- Direct the benefits of a sponsorship to the school as a whole
- Include provision for those students, families or staff who do not wish to participate

Sponsorship agreements should not:

- Compromise the professional standard and ethics of staff

- Limit or direct academic debate in the classroom or influence the curriculum
- Place undue pressure on children, parents or staff to purchase particular products or services or to adopt particular beliefs, attitudes or courses of action

When considering an organisation as a potential sponsor, the school should evaluate the appropriateness of:

- The type of products or services the organisation markets
- The marketing methods used
- Its' public image as an employer
- The impact it has on the environment

Where there is doubt as to the suitability of an organisation, the sponsorship negotiations should not proceed.

Access to school community by a sponsor would require prior approval of the Board of Management. It is not an automatic benefit of sponsorship.

Monitoring And Reporting Responsibilities

The Principal is required to:

- Advise the Board of Management of sponsorship proposals, see Appendix 3
- Ensure details of sponsorship income, expenditure and reviews are forwarded to the Board of Management and indicate how each sponsorship benefited students

The Board of Management is required to:

- Include details of all current sponsorship income and expenditure in the school's annual financial report including details of how each sponsorship benefited students
- Maintain and retain accurate copies of all sponsorship agreements for a period of 7 years

The Sponsor is required to:

- Ensure all activity adheres to legal regulations regarding marketing and advertising to children
- Complete sponsorship agreement with CETNS

Contracts And Written Agreements

Each sponsorship agreement shall be made for a specific period and purpose. Sponsorship agreements may be re-negotiated by either party. The agreement should ensure the school would not have any financial liability in the event that a sponsor withdraws.

Every sponsorship agreement shall contain a clause, which allows for the cancellation of an agreement without penalty, where information questioning the appropriateness of an organisation as a sponsor comes to light after the agreement has been signed.

The school should ensure all acknowledgment arrangements are detailed in the agreement to avoid any future dispute.

Acknowledgment

The extent of acknowledgment should reflect the level of sponsorship and should also be in a form consistent with the standards and values of the school. Use of the school's name by a sponsor is not permissible, unless approved by the Board of Management. It is reasonable to allow a sponsor to display a letter or certificate from the school recognizing their sponsorship.

While forms of acknowledgment may vary the following methods are suggested:

- Placement of a sign or notice in school acknowledging the support of a company that provided the resource
- Attendance by the sponsor at school functions such as concerts, dinners or presentation nights and an opportunity for the sponsor to make an address or present awards at such functions
- Acknowledgment of the sponsorship in one or more of the school's booklets or newsletters

The school's logo, must be prominently displayed in conjunction with any sponsor's name, logo, trademark or symbol used at an activity, on any printed matter or on clothing. The school's logo shall be at least the same size as the sponsor's logo.

Success Criteria

- All sponsorship activity between the school and outside organisations is consistent with the values, ethos and goals of CETNS and protects the good name and integrity of the school
- Sponsorship agreements are consistently used in relation to corporate sponsorship
- Sponsorship records are transparent and are maintained in keeping with the guidelines of this document
- All money received is used solely for the benefit of the school and this is checked and verified by an external accountant

Roles and Responsibility

All staff of the school under the positive and supportive leadership of the Board of Management and Principal have both a role and a responsibility in successfully implementing this policy.

The policy will be monitored and evaluated on an ongoing basis by the policy committee through feedback from members of the school community.

Implementation Date

This policy was implemented during the 2010 school year. Amendments will be implemented immediately.

Timetable for Review

This policy is to be reviewed during the school year 2018/2019.
